Last name: Townsend

Suburb: 2210

Submission content: South West and South Sydney are constantly forgotten. From Bankstown to the Shire, there are roads that need to be fixed and expanded as well as schools that need more space and resources. Yet the only thing the area gets is more and more private construction. The area can not be expanded or advanced because builings are being constructed right on the road. Events and priorities go to Parramatta and Western Sydney. The area St George area is very multicultural and eager but doesnt get the chance to hold anything of importance. The Liberal party has sold out the area to private enterprise and the only people that loose are those who live in the area.
