

# Draft North District Plan

Submission\_id: 30571

Date of Lodgment: 02 Nov 2017

Origin of Submission: Online

First name: Alfonso

Last name: Italiano

Suburb: 2158

Submission content: I find this report, targeting one area on all reports, "especially South Dural" as prejudice and very suspicious. There is development in North West all the way to Glenorie and Windsor. Yet the closest Acres to residential, South Dural it's been particularly pointed out, targeted and segregated. The rumours about people in high places knowing people are starting to gain momentum and there is a smell of corruption. Yes there are road and infrastructure issues currently due to the massive developments further north west from Kellyville Box Hill Glenorie etc. As of today it is also impossible to exit our driveways because of all the increase traffic caused by developments further West. Instead of targeting this rural wasteland why aren't there measures been done to improve the area roads and infrastructure. I was born into real estate and have been aware of how development progresses and can't understand why this little patch is being overlooked. There are a lot of questions to be answered. And you cannot pinpoint one area in all the Metropolitan rural to say especially this area cannot be developed I'm sure there are many laws against this victimisation .
