Submission content: I personally endorse the submission put forward by the Sydney Alliance and its partners calling for meaningful and effective targets for affordable rentals in Sydney. I endorse their recommendation for higher inclusionary zoning targets of 15% on private land and 30% on public land. As a young Australian, I am acutely aware of the lack of affordable housing available to myself and my peers. Renting a home is becoming increasingly difficult and the dream of one day owning a home, seems nearly impossible. I urge you to seriously consider the recommendations put forward by the Sydney Alliance and its partners.
